4 Men Held In Theft of Valuable Maps

Oil Charts Taken From Firm Said To Be 'Worth Millions'

NEW YORK (A)-The FBI has arrested four men in connection with the alleged theft of top-secret oil exploration maps said to be "worth millions.

The maps, federal authorities said, were stolen from the Pittsburgh offices of the Gulf Oil Co. by an employe they said wanted to sell them to pay off gambling debts to New York racketeers.

The arrests Tuesday followed a raid on the offices of the U.S. Tackless Corp. in the Bronx. FBI agents said they recovered many of the oil company's geological and seismographic maps at the offices of the carpet firm.

Among the four arrested on charges of transporting stolen property across state lines was Odie Richard Seagraves, 70, wellknown Texas oil and natural gas promoter. Seagraves denied any connection with the alleged theft of the oil maps.

ALSO ARRESTED was Emanuel Lester, 32, already in jail awaiting sentence for trying to extort more than \$500,000 from the late financial manipulator Serge Rubinstein. Federal officials said Seagraves was a former partner of Rubinstein in the early 1940s. The officials said the two Rubenstein connections were coincidental, as far as they knew.

The others seized were John Marvin Leivia, 34, Orange, Tex., and Edward Lieberman, 30, the Bronx, listed as president of Tackless and identified as Lester's

Anderson said New York racketeers soon realized the tremendous value of the maps and pressed the employe to steal more. Anderson said no Gulf employe has been arrested. Anderson said the FBI has evidence that "a small portion of the maps were offered for sale for \$500,000". Another set of three maps allegedly was offered for \$50,000. Neither of the sales was completed.

4 Men Held In Theft of Valuable Maps

Oil Charts Taken From Firm Said To Be 'Worth Millions'

NEW YORK (A)-The FBI has arrested four men in connection with the alleged theft of top-secret oil exploration maps said to be "worth millions.

The maps, federal authorities said, were stolen from the Pittsburgh offices of the Gulf Oil Co. by an employe they said wanted to sell them to pay off gambling debts to New York racketeers.

The arrests Tuesday followed a raid on the offices of the U. S. Tackless Corp. in the Bronx. FBI agents said they recovered many of the oil company's geological and seismographic maps at the offices of the carpet firm.

Among the four arrested on charges of transporting stolen property across state lines was Odie Richard Seagraves, 70, wellknown Texas oil and natural gas promoter. Seagraves denied any connection with the alleged theft of the oil maps.

ALSO ARRESTED was Emanuel Lester, 32, already in jail awaiting sentence for trying to extort more than \$500,000 from the late financial manipulator Serge Rubinstein. Federal officials said Seagraves was a former partner of Rubinstein in the early 1940s. The officials said the two Rubenstein connections were coincidental, as far as they knew.

The others seized were John Marvin Leivia, 34, Orange, Tex. and Edward Lieberman, 30, the Bronx, listed as president of Tackless and identified as Lester's

Anderson said the FBI has evidence that "a small portion of the maps were offered for sale for \$500,000". Another set of three maps allegedly was offered for \$50,000. Neither of the sales was completed.

Multiple Accident In 1955 Basis For Damage Actions

A Fairborn family - mother, father and daughter - filed three suits for damages totaling \$60,000 in Common Pleas Court here Wed- ville, Tuesday, surgery. nesday morning, naming five different defendants.

The suits, one for \$40,000 and two Paint St., Tuesday, medical. for \$10,000 each, are based on an accident March 26, 1955, on Route Wednesday morning, medical. 35 about a mile west of West Lancaster, involving two trucks and three cars.

The \$40,000 suit was filed by Morris E. Tipton, the father. One of the \$10,000 suits was filed by Anne Tipton, on behalf of Patricia Tipton, their minor daughter, and the other by Mrs. Tipton

The five defendants in the action are the Fleet Maintenance Co. of Chicago; Sears, Roebuck and Co. 5, Tuesday, surgery. of Chicago; William Roden and George Roden of Jamestown and Louis Decker of Oaklawn, Ill.

THE THREE identical petitions claim that the car driven by Tip- son, Good Hope, Tuesday. ton, with Mrs. Tipton and their daughter as passengers, came to a stop behind another vehicle at the side of the road about 9 a. m., March 26, 1955, while headed south Jeffersonville, Tuesday, medical. and that it was hit by a cattle truck, owned and operated by William and George Roden. Their car, they allege, was knocked across the road where it was hit lightly by a car driven by Virgil D. Diffendal. (Diffendal was not made a defendant in the suits.)

Then, the petition states, a tractor - trailer truck, owned and operated by the Fleet Maintenance Co., Sears, Roebuck and Co. and Louis Decker, first hit another automobile, pushing it into the Tipton car before the truck, itself, crashed into the Tipton

The three petitions charge negreasonable speeds without assured Mannon, 1008 Grace St. clear distance ahead in view of weather conditions, which were not described in detail.

TIPTON STATES in his petition that he suffered back injuries that resulted in 50 per cent restriction of spine motion and he now has 30 per cent permanent disability. He Precipitation (24 hours ending 7 states he lost 318 hours of work and wages of \$585.12 that he has Maximum this date last year had medical and hospital bills Minimum this date last year amounting to \$1,733.52 and is still medical care.

Mrs. Tipton claims she suffered injuries which compelled her to wear a back brace for three months and that she still has to wear it a day or two at a time.

In Patricia's suit for \$10,000 the mother states the child was suffering from polio at the time and was wearing metal braces on her legs. She says the braces were bent and twisted and her legs sprained in the accident. Her disability is described as total for four weeks and partial for three months. Her rethe petition claims.

Butler Seen Retained as Dem Chairman

WASHINGTON (A) - Democratic National Chairman Paul M. Butler appeared confident today his job is safe despite the November vote outcome and a disagreement with congressional leaders.

Butler issued a call for a meeting of the national committee in San Francisco on Feb. 15. Associates said he is confident he can dispose of any move for his ouster which might crop up then.

The chairman's 'riends said Butler had little direct connection with Adlai E. Stevens n's unsuccessful campaign for the Presidency. They said he was more concerned with the congressional cam paigns in which the Democrats retained control.

The national chairman sought Tuesday to make peace with congressional leaders who had been visibly irked by Butler's move, at the direction of the party's executive committee, to set up a policy advisory group of 20 members. Democratic Senate and House leaders made it plain they regarded this as an attempt to invade their

Reports from Europe give evidence that trouble on a big scale, is in the air. Other spots are showing fighting tendencies.

While many free nations, such as the United States, are enjoying their present Christmas holidays, many families in our own land view conditions in troubled areas with a certain amount of fear that again this nation may have to fight in another world war, a situation which President Eisenhower and other of our national leaders are seeking to prevent.

The utter folly of the Russian policies in Hungary becomes clearer day by day. Hungarian workers have refused to cooperate with the government of Soviet Stooge Kadar and the Russians have practically taken over completely.

The workers' strike appears to have been carried out unflinchingly. t is but the latest in the series of fulminations which have rocked the country since the Soviet army arrived to clamp down the lid on popular revolt; and there will doubtless be more.

Also a prime portent of the Hungarian struggle — popular revolt is contagious. It has cropped up anew in Poland, apparently as demonstrations of sympathy with Hungarians. Unrest in Soviet Lithuania is now acknowledged by the local Red bosses themselves. Soviet Georgia - Stalin's native land — has been in an unstable condition since his death. Czechoslovaki a n Red leaders confess their alarm over the situation there. Premonitory rumblings in Rumania have so far been promptly suppressed, but they are probably not at an end.

In an atmosphere clouded by worry and ly tense, but probably as difficult from the Western point of view as from the Russian. West German Foreign Minister Heinrich Von Brentano has warned the NATO nations at their recent Paris conclave that premature rebellion in Red Germany might arouse free Germans to cross the border and assist their countrymen in fighting off the communist exploiters-a circumstance that could well lead to global war on German soil.

During this time, far - off Haiti has caught the contagion. Its populace is objecting to President Paul Magloire's attempt to prolong his legal tenure by proclaiming himself "chief of state," jailing legitimate candidates for the presidency, and dismissing the national legislature. The form taken by popular resistance to Magloire is all of a piece with European resistance to tyranny; it consists of a simple refusal to work. This is hardly anything so formal as a "sit - down strike." though it has been called that for lack of a better expression; it's probably closer to the old "civil disobedience" techniques of the late Mahatma Gandhi against the British Crown.

It all appears as a spontaneous and disciplined response of a nation's masses to oppression. Oppressed masses of the world have come to adopt this tactic tentatively at times, as if the new focus of power in the people had to be handled experimentally at first, but always with an astonishing show of resolution and solidar-

President Eisenhower has somehow managed to establish several State departments inside the White House as well as in the State department. For instance, the National Security Council, of which the secretary of state is a member, has been expanded in importance and makes policy as much as the State Department and out of the White House as a sort of coordinator of foreign relations. ESKI, Santa and the twins follow Professor Dee to the Toy Shop yard where he shows them an odd-looking object. "It's a Star Ship --- a toy rocket space ship---and it really works!" says the Professor. Santa looks puzzled. "That's wonderful," he says, "but, look, how can I give a child a toy model of something that hasn't yet been invented! That wouldn't be fair to the grownups who have yet to build a real-for-sure one!" "Golly!" says Eski, "that's right!"

"I'VE AN IDEA!" Eski exclaims, "Santa, why can't you give it as a gift to some grownup?' "Wouldn't work," Professor Dee shakes his head, "The Star Ship's too small for that. Only children could get inside and ride in it!"

Club Members Holiday Party At Barr Home

Mrs. Wendell Barr was hostess to members of the Washington Home Demonstration Club Tuesday evening for the annual Christmas

The home was elaborately decorated with Christmas suggestions and especially admired was the clever mantel scene and the lighted Christmas tree.

A brief business session was held, with the president Mrs. Barr. presiding during which the members filled out questionaires with suggestions for meetings and projects for the coming year, and Mrs. Carey Daughery read communication from the Fayette County Tuberculosis Association offering films to be shown at a meeting.

A merry round of games were conducted by Mrs. Howard Bryant, and several awards were pre-

A most pleasant hour was enjoyed in the gift exchange around the Christmas tree, and later refreshments featuring a clever Yuletide motif in the ice cream molds, was served with cake.

Mrs. Barr was assisted in the serving by her son, Wendell Jr., and Mrs. Howard Bryant.

Guests included were Mrs. Lee Smith, of Greenfield, and Mrs. Don-

Club Members Holiday Party At Barr Home

Mrs. Wendell Barr was hostess to members of the Washington Home Demonstration Club Tuesday evening for the annual Christmas

The home was elaborately decorated with Christmas suggestions and especially admired was the clever mantel scene and the lighted Christmas tree.

A brief business session was held, with the president Mrs. Barr, presiding during which the members filled out questionaires with suggestions for meetings and projects for the coming year, and Mrs. Carey Daughery read communication from the Fayette County Tuberculosis Association offering films to be shown at a meeting.

A merry round of games were conducted by Mrs. Howard Bryant, and several awards were pre-

A most pleasant hour was enjoyed in the gift exchange around the Christmas tree, and later refreshments featuring a clever Yuletide motif in the ice cream molds, was served with cake.

Mrs. Barr was assisted in the serving by her son, Wendell Jr., and Mrs. Howard Bryant.

Guests included were Mrs. Lee Smith, of Greenfield, and Mrs. Don-

Standings Tighten

NEW YORK (P)-Both sections of the National Basketball Assn. ap peared today to be in for some season-long maneuvering.

The pace-setting Boston Celtic three games Tuesday night as the dropped a 110-99 decision to the New York Knicherbockers.

The St. Louis Hawks tightene the western division race by beating the Fort Wayne Pistons 95-84. St. Louis was sparked by Bob Pettit's 30 points and Slater Martin's 25. Pettit's showing enabled him to take over the NBA's individual scoring lead with 607 points to 600 for Par! Arizin of idle Philadelphia.

CONSTIPATED?

new laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining that it relieves even chronic constipation overnight, yet is so moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and ex-

CONSTIPATED?

new laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its con-tents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGU-LARITY two things are necessary. First, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it and so, excite its muscles to action; to a normal urge to

It was about 3 a. m. Wednesday when Sheriff Hays received a call from Mrs. Albert Matthews, wife of the proprietor of the drive-in, saying she had heard glass breaking at the restaurant, only a short distance form her

Since there was no deputy on duty in the office at that time, the sheriff called city police headquarters to lend a hand. Officers of both city and county converged at the drive-in at the same time within a matter of a few minutes.

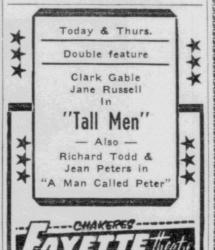

They said the glass in the front and side doors had been broken out and there were indications that burglars had entered through the

OFFICERS could find no evidence of anything being distributed when they went through the building. They noted in the report, however, that the water was still running in a recently flushed toilet, indicating a quick flight by the would-be burglars.

Sheriff Hays expressed the belief that whoever was in the drive-in had left by a door on the opposite of the building which had been covered by the officers because they
